

Pink and White Acrylic Nails, sculpted.

1. Cleans hands.
2. Prepped the nails by pushing the cuticles back and using a 180 grit file.
3. Dusted and dehydrated all nails.
4. Applied forms and product using white powder and a pink powder. Pinch C curve.
5. Filed and shaped all nails.
6. Dusted the nails.
7. Buffed nails with a 120/240 grit buffer.
8. Buffed nails with cuticle oil.
9. Washed hands to remove excess oil and dust.
10. Buffed one hand using a 3-way buffer to bring the nails to a high shine.
11. Polished two nails with a red cream polish and top coat.
12. Go photographsJ

(I used a Canon EOS 300D camera to photograph. I no editing was done.)
