

## Sculpted pink and white acrylics using disposable nail forms

1. Push back cuticles
2. Dehydrate the nail
3. Fit forms onto fingers-I use disposable nail forms
4. Form zone 3 (the free edge area) on the form
5. Apply bead of acrylic to zone 2-the stress point and form left and right
6. Apply bead to cuticle area and form smooth
7. File shape
8. File length
9. Buff, using white block
10. Apply ultraviolet sealer and cure under light for 3 minutes
