

Full Set of Sculpted Gel Nails

First cleansed the nails, sanitized hands and performed a mini-manicure.

I prepped the nails using a 180 nail board to remove shine.

Removed any dust and applied primer - let dry.

I applied nail forms to all 10 nails.

Applied base gel to all 10 nails. Cure 2 minutes.

Using white gel, I created the smile lines. Cure 3 minutes.

I applied pink gel from the cuticle area to the smile line. Cure 2 minutes.

Applied a layer of clear gel over the entire nail.

Paying special attention to the stress area. Cure 2 minutes.

I wiped the nails with gel cleanser.

Turned hands upside-down and cured nails in this manner for 3 minutes.

Filed and shaped all 10 nails. Brushed off any dust and cleansed nails.

I applied a pink top gloss gel to all 10 nails. Cured 2 minutes.

I removed the dispersion layer and applied cuticle oil to all 10 nails.

I polished two of her nails using Finger Paints "Expressionist Red"

Photos were taken with Fuji Film Fine Pix Camera.
