Enhancement Sr.

Step by step "Sculpted acrylic nails, no tips, two-tone/pink and white technique".

1. Wash and sanitize hands.
 2. Push back the cuticles.
 3. Etch the nails.
 4. Apply the dehydrator.
 5. Apply the primer.
 6. Apply forms onto all 5 nails.
 7. Extend the natural nail plate by placing a bead of warm camouflaging pink on the form over the existing free edge.
 8. Sculpt the moons with the mix of white and pink acrylic powders.
 9. Apply the pink acrylic powder to the rest of the nail bed.
 10. Sculpt the free edge using white acrylic powder.
 11. Apply the clear acrylic powder onto the nail reinforcing the stress zone.
 12. Form C curve.
 13. File and shape.
 14. Buff to a high shine.
 15. Take presentation, the side view and down the barrel photos, then polish 2 nails with 2 coats of red cream polish.
 16. Take the close up photo.
- Photos taken with Sony Cyber-shot 7.2 Mega pixels, then images sizes reduced using Adobe Photoshop software.
