

## **Enhancement Sr.**

### **"Step-by-step" Essay: 2-color Acrylic sculpture / Pink and white**

- 1) Wash, sanitize hands, and push back cuticles with a cuticle pusher.
- 2) Cut natural nails very shortly, and then removes shine from nail bed with a 180 file.
- 3) Remove dust with a nail brush and dehydrate nail plates with a dehydrator.
- 4) Apply a primer.
- 5) Apply forms to each nail.
- 6) Create 'moons' with soft white acrylic powder to each cuticle area.
- 7) Apply white acrylic powder first (make deep smile line), then apply pink acrylic powder with an acrylic brush. Pinch the deep C-curve to each nail.
- 8) Shape nails with a 120/180 file, and then buff and make high shine (use 3-way buffer).
- 9) Wash nails with water.
- 10) Apply a UV-cut topcoat to each nails.  
Let them dry, and then put a cuticle oil to each nail.  
(Take Presentation, Down the barrel and Side pictures.)
- 11) Remove topcoat, and then apply a red polish to the 2 fingers.  
Let them dry, and then put a cuticle oil to each nail.  
(Take Close up pictures.)

All pictures were taken with a Pentax Optio S-4i.

My computer is a Toshiba Dynabook.

I used Microsoft Paint for a head shot picture size reduction.
