

Essay

"The Modern Cat"

Materials used;

- Acrylic paint Brushes, sizes 10/0, 1, 0
- Media-Acrylic paint. Colors used, black, white, antique white, kiwi green, yellow, calypso sky blue
- Five nails tips
- Clear coat

Each of the five nails received 3 layers of antique white for a base coat. The Modern Cat was then painted in silhouette style to achieve its form. Afterwards calypso sky blue was used to colorize the blanket that the cat lays on. Then I used white to fill in the modern details to bring the cat to life. The eyes, painted last, I used kiwi green, tinted with black, a strike of yellow to highlight, and white for a bright glare. The top of the tips enhanced with a black stroke. One layer of clear coat to seal the paint.
