

## Essay2

### "Country Life"

#### Materials used;

-Five nail tips

-Acrylic paint brushes, sizes 10/0, 1, 0

-Acrylic paint, colors used= Black, White, Nutmeg Brown, Antique white, Kiwi green, Yellow, Orange, Red, Vineyard green, Carolina blue, King's gold, Berry wine.

-Clear coat

Each tip is painted with a white base coat to ensure a quality background. The sky is painted then the green grass with its details. Then I give the nails a clear coat to preserve the background. The gold house and its details are painted next. On each side of the house are trees painted in to add character to the country home. A little white house is then added with a little horse in its field. And what's a country life without a barn with sheep and cows.
